Dear Water Reuse customer:

In our efforts to continually improve the services we provide to all reuse customers, I am requesting that you provide me with current contact names, phone numbers and email addresses for the individuals or company assigned to managing your account or facilities (Individual, Property Management Company, Landscape Contractor or Irrigation Contractor). Also, please inform me of any changes as they occur so we may keep our database current.

In cases of irrigation line breaks or service interruptions, having the correct contact information will provide for immediate communication with your representative regarding repairs and prevention of unnecessary water loss which assists us in maintaining levels of service that you have come to expect.

You may e-mail your representative's information directly to me at kewillia@martin.fl.us. I can also be reached at 772-260-0480.

Thank you in advance for your assistance.

Sincerely,

Kevin Williams,
Reuse Coordinator
